

REPORT OF THE AUDITOR-GENERAL ON THE ACCOUNTS OF THE

MUNICIPALITY OF MARIENTAL

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2022

Published by authority

Price (Vat excluded) N\$ 47.00

Report no: 35/3023

REPUBLIC OF NAMIBIA

TO THE HONOURABLE SPEAKER OF THE NATIONAL ASSEMBLY

I have the honour to submit herewith my report on the accounts of the Municipality of Mariental for the financial year ended 30 June 2022 in terms of Article 127(2) of the Namibian Constitution. The report is transmitted to the Honorable Minister of Finance in terms of Section 27(1) of the State Finance Act, 1991, (Act 31 of 1991) to be laid upon the Table of the National Assembly in terms of Section 27(4) of the Act.

WINDHOEK, March 2023

JUNIAS ETUNA KANDJEKE AUDITOR-GENERAL S. 4 6 7 5

REPORT OF THE AUDITOR-GENERAL ON THE ACCOUNTS OF THE MUNICIPALITY OF MARIENTAL FOR THE FINANCIAL YEAR ENDED 30 JUNE 2022

1. QUALIFIED AUDIT OPINION

I have audited the financial statements of the Mariental Municipality for the financial year ended 30 June 2022. These financial statements comprise the statement of financial position, the statement financial performance, the statement of changes in net assets, the statement of cash flows for the year then ended.

In my opinion, except for the effects of the matters described in the Basis for Qualified Audit Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of the Mariental Municipality as at 30 June 2022 and its financial performance and its cash flows for the year then ended in accordance with International Public Sector Accounting Standards (IPSAS).

2. BASIS OF QUALIFIED AUDIT OPINION.

I conducted my audit in accordance with International Standards for Supreme Audits Institutions. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section the audit report. I am independent of the entity in accordance with the Code of Ethics for Supreme Audit Institutions together with the ethical requirements that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with these requirements and the Code of Ethics.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion. A Qualified Audit Opinion is expressed due to the following:

2.1 Vacant Land owned by the Municipality

The auditors noted the non-disclosure of open lands in the financial statements for the year under review and leased farm lands.

2.2 Cash flow statement

The auditors noted that the Municipality did prepare the Cash flow statement using the direct Method; however the Municipality disclosed non-cash items in preparing the Cash flow statement. The auditors were unable to ascertain themselves by alternative means concerning the correctness of the cash flow statement.

3. KEY AUDIT MATTERS

Key audit matters are those matters that, in my professional judgment, were of most significance in my audit of the financial statements of the current period. These matters were addressed in the context of my audit of the financial statements as a whole, and in forming my onion thereon, and I do not provide a separate opinion on these matters. I have nothing to report in this regard.

4. OTHER INFORMATION

Management is responsible for the other information. My opinion on the financial statements does not cover the other information and, accordingly, I do not express any form of assurance conclusion thereon. In connection with the audit of the financial statements, my responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the financial statements or knowledge obtained in the audit or otherwise appears not to be materially misstated. I have nothing to report in this regard.

5. RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with legislation, and for such internal control as management deems it necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Municipality's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the entity's financial reporting process.

6. AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE FINANCIAL STATEMENTS

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, weather due to fraud or error and to issue and auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the International Standards for Supreme Audit Institutions (ISSAIs), will always detect a material misstatement when it exists. Misstatement can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions for users taken on the basis of these financial statements.

As part of an audit in accordance with the International Standards for Supreme Audit Institutions (ISSAIs). I exercise professional scepticism throughout the audit, I also;

- Identify and assess the risk of material misstatement of the financial statements, weather due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for expressing an opinion on the effectiveness of the Entity's internal control.

- Evaluate the appropriateness of accounting policies uses and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence, obtained weather a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. I conclude that a material uncertainty exists, I am required to draw attention in the report to the related disclosures in the financial statements, or if such disclosures are inadequate, to modify the opinion. My conclusions are based on the audit evidence obtained up to date of the report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and weather the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.
- Provide those charged with governance with a statement that I have compiled with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, I determine those matters that were of most significance in the audit of the financial statements at the current period and are therefore the key audit matters. I describe these matters in my report unless law or regulation precludes public disclosure about the matter or, when, in extremely rare circumstances, I determine that a matter should not be communicated in the report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

7. REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

The financial statements for the financial year ended 30 June 2022 were submitted by the Accounting Officer to the Auditor-General in compliance with Section 85 of the Local Authorities Act, 1992 (Act No. 23 of 1992).

8. ACKNOWLEDGEMENT

The co-operation and assistance by the management and staff of the Mariental Municipality during the audit is appreciated.

WINDHOEK, March 2023

JUNIAS ETUNA KANDJEKE AUDITOR-GENERAL

Handar

ACCOUNTING POLICIES

1. Basis of Preparation of Financial Statements – IPSAS 33

The financial statements have been prepared on a going concern in accordance with the first-time adoption of International Public Sector Accounting Standards IPSASs – IPSAS 33. The financial statements are presented in Namibia dollars, which is the functional and reporting currency of the Municipality, and all values are rounded off to the nearest dollar.

The financial statements have been prepared on the historical cost, unless stated otherwise. The cash flow statement is prepared using the direct method. The financial statements are prepared on accrual basis.

In the adoption of the accrual basis IPSAS's, the Municipality has elected to utilise some of the transitional exemptions allowed by IPSAS 33. Hence, IPSAS 33 was developed and approved by the IPSASB to facilitate gradual implementation of IPSASs. IPSASB makes a provision of a three-year transitional relief period within which a user shall be expected to comply fully with IPSASs.

These accounting policies are consistent with the previous year, except where otherwise stated.

2. Summary of Significant Accounting Policies

2.1 Property, Plant and Equipment - IPSAS 17

All Property, plant and equipment are stated at cost or valuation where assets have been acquired by grant or by donation, less depreciation written off over the expected useful lives as determined by Council from time to time. Fixed assets acquired with loan funds are not depreciated until the loan is repaid unless the expected lifetime of the assets is less than the repayment period of the loan in which case depreciation is calculated on the shortfall. When significant parts of property, plant and equipment are required to be replaced at intervals, Council recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred.

- * Land and Buildings 20 years
- * Service infrastructure 20 years
- * Heavy Vehicles, Machinery and Equipment 10 years
- * Light Sedan Vehicles 5 years
- * Computer Equipment 10 years
- Office Furniture and Equipment 10 years

2.2 Inventories – IPSAS 12

Inventories are measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost). The cost of the inventory is its fair value at the date of acquisition. After initial recognition, inventory is measured at the lower of cost and net realizable value. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of Council.

2.3 Provisions and Contingencies – IPSAS 19

Provisions are recognised when:

- * Council has an obligation at the reporting period date as a result of a past event;
- * It is probable that Council will be required to transfer economic benefits in settlement; and
- * The amount of the obligation can be estimated reliably.

The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

The Municipality does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statement unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

The Municipality does not recognize a contingent asset but discloses details of any contingencies in the notes to the financial statement unless the possibility of an inflow of resources embodying economic benefits or service potential is remote. If it becomes virtually certain that an inflow of economic benefits service potentially will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the changes occur.

2.4 Leases – IPSAS 13

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership. Assets held under a finance lease are capitalized at the commencement of the lease at the fair value of the leased property, or if lower, at the present value of the future minimum lease payments, depreciated over the useful life of such asset. Council recognizes the associated liability measures at as the present value of the future minimum lease payments at initial recognition.

Subsequent to initial recognition, lease payments are apportioned between finance charges, recognized in surplus or deficit, and reduction of lease liability, disclosed as a liability in the statement of financial position.

Unlike, finance lease payments, operating lease payments are recognized as an operating expense in the profit or loss on a straight-line basis over the lease term.

2.5 Special Funds

The Municipality also maintains the following Funds in terms of the authorizations in Section 80 of the Local Authorities Act 23, 1992 (Act no 23 of 1992), as amended.

2.5.1 Capital Development Fund

The purpose of this Fund is to build up a general reserve to ensure that the Municipality's financial position is stable. Income to this fund is transferred from the general income account and derived from interest on investments.

2.5.2 Build Together Fund

This is a revolving fund consisting of funds originally from Government for Decentralized Build Together Fund beneficiaries. Disbursement of funds to beneficiaries for progress payments are made from this fund. Loan repayments are deposited on this fund. Interest earned on this fund is capitalised on this fund. Servicing of an area benefiting Decentralized Build Together beneficiaries may be sourced from this fund.

2.5.3 Fixed Property Fund

Proceeds from the sale of land developed by the Municipality as well as interest earned on internal loans and investments accumulate in this Fund. Costs incurred on the development of land are charged to this account.

2.5.4 Betterment Fund

The purpose of this Fund is to provide for future municipal assets. Part of the proceeds from the sale of land, as well as interest earned on internal loans and investments accumulate in this Fund.

2.5.5 Renewal Fund

The purpose of this Fund is to provide for future replacement of assets and for additional depreciation on assets, which have permanently declined in value. Income for this account is derived from general revenue contributions as well as interest earned on investments.

2.5.6 Staff Housing Fund

The purpose of this Fund is to provide for staff housing loans. Income for this Fund is derived from interest earned on secured staff housing loans and investments.

2.5.7 Government Grants

Government grants are recognised as revenue in the period in which associated expenses are expensed or accrued. Unutilised Government grants are recognised as deferred income until such time they will be utilized when they will be recognised in the statement of financial performance.

2.5.8 Revenue Account

All monies received and accrued, and expenses paid and accrued, except for allocation to other funds are reflected in this account and are kept in compliance with Section 86(1)(b) of the Local Authorities Act, Act No. 23 of 1992 as amended.

Interest on Investments 2.6

Interest earned on investments is allocated to the different Funds and surpluses on a percentage earned based on the opening balances.

Revenue Recognition 2.7

2.7.1 Revenue from Non-Exchange Transactions – IPSAS 23

Fees, Taxes and Fines

Council recognizes revenue fees, taxes and fines when the event occurs, and the asset recognition criteria are met. To the extent that there is a related condition attached that would give rise to a liability to repay the amount, deferred income is recognized instead of revenue. Other non exchange revenues are recognized when it is probable that the future economic benefits or service potential associated with the asset will flow to Council and the fair value of the asset can be measured reliably.

Transfers from Government and Other Government Entities

Council measures revenues from transfers from government and other government entities at fair value and recognizes them as revenues on obtaining control of assets if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to Council and can be measured reliably.

2.7.2 Revenue from Exchange Transactions – IPSAS 9

Rendering of Services

Council recognizes revenue from rendering of services by reference to the stage of completion when the outcome of the transaction can be measured reliably. When the outcome of the transaction cannot be measured reliably, revenue is recognized only to the extent the expenses incurred are recoverable.

Sale of Water

Revenue from the sale of water is recognised when the amount of revenue can be measured reliably, and it is probable that the economic benefits or service potential associated with the transaction will flow to Council.

Rental Income

Rental income arising from operating leases on properties is accounted for and included in revenue.

Interest Income

Interest income is accrued using effective yield method. The method applies this yield to the principal outstanding to determine interest income each period. Interest income is included in revenue.

Dividends

Dividends or similar distribution is recognized as revenue when the Council's right to receive payments is established.

2.8 Budget information – IPSAS 24

The annual budget is prepared on the accrual basis, that is, all planned costs and income are presented in a single statement to determine the needs of Council. As a result of adoption of the accrual basis for budgeting purposes, there are no basis, timing or Council differences that would require reconciliation between the actual comparable amounts and the amounts presented as a separate additional financial statement in the statement of comparison of budget and actual amounts.

2.9 Taxes

Income Tax

The Council is a local authority and is exempted from paying income tax in terms of the Income Tax Act 24, 1981 (Act no 24 of 1981), as amended

Value Added Tax

The Council is a registered Value Added Tax (VAT) payer in terms of the Value Added Tax Act 10, 2000 (Act no 10 of 2000), as amended, and submits its VAT returns bi-monthly to the Inland Revenue. Council pays VAT amounts into a state account upon submitting the return together with supporting analysis of expenses via the Electronic Fund Transfer (EFT) on or before the due date on the 25th of the month following the end of bi-monthly period. In case of VAT receivable, Council does not have any control over auditing of returns and/or payments thereof.

Pay As You Earn (PAYE)

Council deducts PAYE from employees' remuneration and pays it over to the Inland Revenue via the Electronic Fund Transfer (EFT) on or before the 20th of the month following the month of deductions. Monthly returns are completed and submitted to the Inland Revenue. Yearly reconciliation is performed and returns together with copies of PAYE certificates are submitted to the Inland on or before the 20th of March each year.

2.10 Cash and Cash Equivalents

Cash and Cash Equivalents comprise cash on hand and cash at bank, short –term deposits on call and highly liquid investments with an original maturity of twelve months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. It includes amounts held at various commercial banks.

2.11 Comparative Figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.
